

# Japan-ASEAN online program toward SDGs

## Understanding depopulation issues and rural development from cases of rural area in Okayama prefecture in Japan

This program uses challenges and attempts of depopulation areas in Japan as case studies; moreover, by sharing examples and experiences from ASEAN countries through group work, the participants figure out the challenges and specific measures faced by depopulation areas in ASEAN countries. Students also discuss on **SDGs goals** related with depopulation in rural areas.

**4 days program: October 11<sup>th</sup> (Tue)- 14<sup>th</sup> (Fri), 2022**

Real-time lectures and on-line group work will be conducted.

### 【Main contents】

- Deepen understanding of issues of depopulated areas and figure out what needs to be done to address the issues in Japan and the ASEAN countries.
- Enhance cross-cultural competency through group work with participants from Japan and ASEAN countries.
