SUMMER SCHOOL ON PLANETARY HEALTH

Ridge to Reef:
From Concepts to Communities

20 JULY - 3 AUG 2025

Join us for a immersive summer school experience in the Philippines, hosted by UPLB!
Set against the backdrop of Los Baños, Laguna—with accommodations at a relaxing hot spring resort—this two-week program brings together students from around the world to explore key themes in planetary health. Dive into interactive learning on forest and agricultural systems, animal and food sciences, sustainable biotechnology, and community-based conservation. The program also features campus and cultural immersion, field visits, and a unique overnight agripreneurship trip—combining academic depth with rich local experiences.
